Phase 1. (5/10/2017)

**Speaker:** Umang Gangar (Student, Atharva College of Engineering)

CSI Atharva organized a two day workshop on “Basics Programming” for the first year students on 4th and 5th October 2017. The speaker for this workshop was Umang Gangar. The workshop was conducted for the students from all the branches.

The topics covered in the workshop were the basic concepts of C programming language. On the first day the speaker covered the topics such as Introduction to C language, data types in C. On the second day of the workshop the speaker asked the students to write some basics programs in C and also covered the topics like increment and decrement operators.

At the end of the workshop, the participants were given participation certificates and they were also asked to fill feedback forms for review and assessment purposes and for future improvements for CSI events
