

AET's
Atharva College of Engineering
Department of Electronics & Telecommunication

Report on
One Day Workshop

on
"Fundamentals and Emerging Tools in computer networking"

Dated : 4th August 2017 .

Time : 09.00 am to 12.00 pm

Organised by : EXTC Department

Speaker's Name: Prof Jyoti Dange (ACE)

Prof. Kunal Shrinivas (ACE)

Venue : 2nd Floor, R11/Lab 6, Atharva College of Engineering, Atharva Education complex , Malad Marve Road , Charkop Naka , Malad (W), Mumbai 400095

Coordinators : Prof Jyoti Dange (ACE) Prof. Kunal Shrinivas (ACE)

About the Workshop : Department of Electronics and communication conducted successfully one day workshop for Third Year students on Fundamentals and Emerging Tools in computer networking for enhancing the knowledge on computer communication and hands on practice of Networking Techniques. Workshop held in two session in Session one include theory which gives knowledge about the networking devices like hub , brige, switches, protocols ,network topologies and in session two hands on practice on crimping, networking topologies, server room. Following are basic objectives of workhop.

- 1) Learn & Interact with Faculties.
- 2) Basic knowledge on Computer Networking.
- 3) Participants understood computer communication Networking.
- 4) Participants were encouraged to think and come up with new application ideas.
- 5) Interactive practical sessions.
- 6) Group discussions to encourage innovation in the domain of Electronics.

No. of participants: 53 students

Workshop Incharge

1. Prof. Jyoti Dange
2. Prof. Kunal Shriwas

Prof. JyotiKolap

(H.O.D, EXTC)

Workshop Coordinator

Mahalaxmi Palinej/ Ritu Sharma

Date: 28/7/2017

NOTICE

All the students of T.E are informed that Department of Electronics & Telecommunication Engineering is organizing one day workshop on "Fundamental and emerging tools in Computer Networking" on Friday 4/8/17.

Sr. No.	Date and Day	Class	Department	Time	Venue
1.	4/8/17	T.E(ET1 & ET2)	EXTC	9.00am to 12.00pm	R11 , second floor, Phase 1, Atharva College of Engineering.

Prof Mahalaxmi Palinje

Prof. Jyoti Kolap

Dr. Shrikant Kallurkar

Prof Ritu Sharma

(H.O.D, EXTC)

Principal , ACE.

Workshop Coordinator

Address : Malad-Marve Road, Charkop Naka, Malad (W), Mumbai 400095, Maharashtra, India

WORKSHOP REPORT

Department of Electronics and communication conducted successfully one day workshop for Third Year students on "Fundamentals and Emerging Tools in computer networking" for enhancing the knowledge on computer communication and hands on practice of Networking Techniques. schedule is as follows.

Sr. No.	Date	Class	Department	Time	Venue
1.	04/08/2017	TE ET - 01	EXTC	9 - 10.30	Class R11
	04/08/2017	TE ET - 02	EXTC	9 - 10.30	LAB 8
2.	04/08/2017	TE ET - 02	EXTC	10.30 - 12.00	Class R11
	04/08/2017	TE ET - 01	EXTC	10.30 - 12.00	LAB 8

Workshop conducted in two phase ,

session 01-Theory

Session 01-Theory includes types of communication, types of topology, networking devices, OSI module ,TCP/IP protocol suit

Session 02-Handson session on crimping

RJ-45 connectors are normally used in telephone and network cables. Occasionally they are used for serial network connections. When the RJ-45 connectors first came into use, they were primarily used for telephones. The great advances in technology created a need for another size connector and the RJ-45 was adapted to fit. Today there are 2 different RJ-45 connector sizes available, 1 for Cat 5 cable and 1 for Cat 6 cable. The user has to make sure they have the one suited to their job. The easiest way to tell them apart is to compare them side by side. The Cat 6 connector is larger than the Cat 5 connector. Below are instructions for crimping RJ-45 connectors to a cable.

Thanks & Regards,
