

ATHARVA EDUCATIONAL TRUST'S  
**ATHARVA COLLEGE OF ENGINEERING**

(Approved by AICTE, Recognized by Government of Maharashtra  
& Affiliated to University of Mumbai - Estd. 1999 - 2000)

**Department of Electrical Engineering**  
**Academic Year 2018-2019**

**Guest Lecture on**  
**“Introduction to Induction Machines, its**  
**Designing and Applications”**

A **Guest lecture** on the topic "**Introduction to Induction Machines, its Designing and Applications**" by **Dr. R. G. Karandikar (Professor and Dean)**, **EXTC Department, K. J. Somaiya College of Engineering** was organized by **Electrical Engineering Department** as a part of **EESA** dated **05<sup>th</sup> October 2018** from **09:30 am to 11:30 am** for **T.E students in phase-I, presentation hall, ACE.**

The guest lecture conducted was very interesting, interacting and helpful for the students.

The objective of the guest lecture was to make students understand the construction, working, types, its designing parameters and procedure required and applications of induction machines and also to give an idea in the field of research based analysis and designing of electrical machines for the future scope.

**Guest Lecture Organizer:** Prof. Neha Bansal and Prof. Shreyashi De  
**Head of the Department:** Prof. Pragya Jain
