

**ATHARVA GROUP OF INSTITUTES**

## Shri. Sunil Rane's Vision Comes to Fruition through Research, Technology and Innovation

Shri Sunil Rane has been continuously creating growth opportunities to enlarge Atharva's presence in the select areas of expertise and provide comprehensive education in a healthy learning environment, nurturing leaders for the competitive world.

Atharva Campus

A young professional Shri Sunil Rane could have made a mark in a promising high profile career in the services industry but he had dreams of making a difference to society and it was his passion for contributing to the field of education that led to the establishment of the Atharva Group of Institutes.

A Visionary  
Shri. Sunil Rane had a vision of creating a world-class educational environment for students to see them realize as industry-ready, the graduates ahead the results of quality quality and added based education. He established the Atharva Group of Institutes to fulfill his vision of creating a world class educational environment that allows students to develop their professional aptitudes and foster a strong sense of responsibility and ethics.

The path has not been an easy one but through persistence and perseverance with a clear vision and a strong belief in the success of Atharva brand to be reckoned with in Research, Technology and Innovation. He led his team to set up, on a continuous basis, in education, and set benchmarks for each branch across them.

He is committed to India and the World for creating excellence in education, for serving as a valuable resource for industry professionals, and for creating a source of pride for all Indians, his beliefs in providing excellence in education and Atharva is a prime example of the vision being translated into action. Today the man is a source of awe-age Indian leader and a role model for Indians who aspire to create success for their own.

“The idea was to conceive an institution that would be built by Education, driven by Discipline and Growth by Excellence. At Atharva, we foster a balanced program of academic, professional and practical orientation through efficient teaching/learning process. The one advice I give to students is 'Work Hard and Stay Humble' - 'the key to the need for growth and success comes to those who can master' the changes better. I urge every Atharvian to make efforts to take the benefit to newer heights. Let us make our Atharva the best in professional education in the world.”  
- Shri. Sunil Rane  
Education Director  
Atharva Group of Institutes

**THE NEED FOR TECHNICAL EDUCATION**  
It was Shri Sunil Rane who realized that an ever increasing demand for Technical Education in Maharashtra as a whole and in Mumbai in particular, was the need of the hour. As a result many meritorious students are denied of quality education in engineering education. A large number of students are required to opt for a Master in some other University. This results not only in the expenditure by the parents but also leads to depression among the students. After a thorough survey of different institutes, The Atharva Educational Trust decided to establish the Technical Institute of Research, Information Technology, Electronics & Communication, Electrical and Electronics Engineering.

**LOOKING TO THE FUTURE**  
An ardent and dynamic educationist, Shri. Sunil Rane is determined to create an education that is oriented to create leaders in the nation's development. As a part of his mission to provide quality based education to the students industry ready, Atharva already has an excellent online and offline education camp and planning to establish IT park soon. The IT park will be the hub of industry growth in Mumbai. This high tech zone will also be dedicated exclusively to Fresh B.T.E. Students carrying out IT Research & Development Projects in cooperation with large industries.

**Hobbies/CSR/Personal Experiences**

- Helping Friends of the Mentors
- Girl Child Education - Distribution of Learning Materials to the children of the Mentors.
- Girl Child Education in Rural Regions of India.
- Women Empowerment
- Social Welfare activities in going forward with their goal of completing
- Charitable Deeds

Shri Sunil Rane is able to prepare them for the future and they will agree to take educational avenues in Mumbai that speak of the future and get an interdisciplinary background to Day 1 ready professionals.

# VISIONARIES of Education

## Mumbai

Educators – They are the ones sculpting the future, shaping young minds, encouraging a thirst for exploration and pursuit of knowledge. We present some of the visionaries who have taken the path less travelled and have been instrumental in establishing institutions and planning courses that have influenced the course of learning in our country.

These are the revered few who have put their students first – giving them the opportunity to discover and hone their strengths in varied specialized fields. Iconoclastic in their thinking, these champions of education have been frontrunners in creating future ready individuals who can take on challenges and excel.
