### Excellence in Education through Research, Technology and Innovation

Atharva College of Engineering: A Technology Hub for a New India

A young professional embarking on a high profile career in the sports and airlines industry had the vision of making a difference to the society. Rather than just dreaming, he began to work towards translating his dream into reality. Visionary, educationist and social entrepreneur, Sunil Rane is the man behind the Atharva Group of Institutes.

Today, Atharva is an established name amongst Mumbai's leading institutes in higher education.

Engineering and technology are the key elements to any country's economic growth and development. Sunil Rane recognised and understood the importance of these factors and started the Atharva College of Engineering. Focusing on promoting innovation in technology, the Atharva College of Engineering which was established in 1999, is today known to provide facilities at par with India's top technology institutes. Atharva College of Engineering is AICTE approved and is affiliated to Mumbai University & DTE. It is NAAC accredited and also ISO 9001:2015 certified Institute. Shri Rane says, "The ACE houses a fully operational factory-capacity Kuka Robot within its premises to train the students on advanced factory automation technology. The facility also has an advanced ground station and tracking system for satellites which presently tracks the Indian Institute of Technology (IIT) satellite" he added.

The new Innovation-LAB is to encourage innovation in creative engineering designs will also set a new benchmark in product designing. Besides this, the institute offers Polycom System for virtual class room facility via optical fiber along with Wi-Fi connectivity supported by a 150 Mbps line, highest bandwidth connectivity after IIT. IUCEE (Indo US Collaboration for Engineering Education, Pool of 100 world TOP Professors and Scientist connect with Atharva for virtual activities).

The Atharva Group is in the process of developing an IT park which will be the hub of industry growth

in Mumbai. This high tech zone will also be dedicated exclusively to Final Year B.E Students carrying out IT research & development projects in association with large international IT giants. State-of-the-art iMac Lab @ Atharva consisting of iMacs machines, an iPad and an Apple TV aims to equip the young inspiring graduates in various domains that drive the innovative digital world like mobile computing, multimedia, cloud computing etc.,. New innovative labs especially for Electronics and telecommunication, Electrical and Electronics Engineering is a prime focus of Atharva.

#### ADVANTAGES AT ATHARVA DRIVEN BY RESEARCH, TECHNOLOGY, AND INNOVATION

- World class infrastructure
- Optical Fiber connectivity & Wi-Fi campus with 150Mbps 1.1Internet Connectivity
- Global Alumni Network
- Embedded system lab
- Virtual Classrooms offering Polycom facility
- Exclusive Apple iMac & Lenovo Labs
- Excellent Training & Placements with Top IT Companies
- Academically inclined & research oriented full-time faculty
- Highly qualified visiting faculty from industry
- Air-conditioned seminar hall
- Digital library
- Smart Air-conditioned Class-rooms
- Computer labs & Digital library open 24/7
- Canteen facilities
- Swimming pool / Gymkhana / Spa Facilities
- Innovations in Technology
- Entrepreneurship / Start-up Cell

#### AWARDS AND RECOGNITION

- Recognized as Innovation Centre by Ministry of HRD, Government of India for establishing the Institution Innovation Council (IIC)
- Awarded a gold rank in AICTE - CII Survey of Industry Linked Technical Institutes 2018
- 5 teams had participated in Smart India Hackathon 2019 out of which 2 teams, (team TdDo Win and team Vengers) have won the competition with prizes
